

Tiverton Taxpayer Revolt

Are you concerned that double digit property tax increases may affect your ability to live in Tiverton?

Were you dissatisfied with the process and the results of the two sessions of the Tiverton Financial Town Meeting?

Do you feel that the current Tiverton Town Government should be more responsive to the majority of the citizens?

The **Tiverton Citizens for Change** (TCC), a Political Action Committee (PAC), is developing a plan to bring fiscal responsibility and transparent government to Tiverton. We need your support and involvement to change the status quo by electing candidates of any party who share our values
